Objectives

I am a motivated beginner PHP Laravel developer with 6 months of self-taught experience. I have built and customized web applications using laravel, focusing on clean code and efficient functionality. I am eager to continue learning and growing my skills in web development.

Skills

Technical Skills:

- **Programming Languages:** PHP, HTML, CSS, Bootstrap, JavaScript, JQuery
- **FrameWorks:** Laravel
- **Database Management:** MySQL, SQLite
- **Version Control:** Git
- **Tools:** Composer, Artisan, MVC Architecture

Projects:

- **Crud Application:** Created simple crud application in PHP Laravel. There I used some operations like; create product, edit product, update product, delete product and show product in a list.
- **Services Website:** I also created a Services Website with admin panel in PHP Laravel. Where admin can add, edit, update and delete different types of services which they are providing and also showing it to the users.

Soft Skills:

- Problem-solving
- Attention to details
- Ability to learn quickly
- Team collaboration (if applicable)
